ENDOMETRIOSIS FOUNDATION OF AMERICA PATIENT DAY 2026

**SATURDAY, MARCH 7TH &
SUNDAY, MARCH 8TH**

**VIRTUAL & IN-PERSON
NEW YORK, NY**

RECEIVE RESOURCES & FIND YOUR COMMUNITY

This year, Patient Day expands into a **full weekend experience**, taking place on both Saturday and Sunday to better serve the endometriosis community and their supporters.

On Saturday, patients will have the opportunity to attend **select medical conference sessions**, gaining access to expert insights, emerging research, and the latest approaches to care.

Saturday will also feature **interactive workshops** designed to empower patients and their support networks with practical tools for healing and resilience. The day will conclude with a **Networking Meet & Greet** with food and drinks, creating a welcoming space for connection. Discounted hotel rates will be available for attendees traveling to New York City to participate in both days of programming.

WHAT TO EXPECT: A WEEKEND OF LEARNING & SUPPORT

- **Session formats:** Presentations, patient stories, panel discussions—all with audience Q&A.
- **Topics:** Management & treatment, lifestyle & supportive strategies, emerging research, advocacy, patient journeys, fertility, & more.
- **Speakers:** Patient advocates, researchers, physicians, endometriosis surgeons, holistic & allied care providers, caretakers, authors, & other subject-matter experts.
- **Community Connection:** Connect with experts, endometriosis patients, and their loved ones throughout the day and during the Networking Meet & Greet on Saturday evening.

30+

**Expert
Speakers**

~200

**In-Person
Attendees**

~300

**Virtual
Attendees**

"I feel so much more informed about this disease, which is still very new to me, and affirmed that I'm on the correct path to healing. It was empowering to be in the presence of so many strong endo warriors."

2023 Survey Feedback

"I will be attending every event as long as they are held. I met so many incredible women and found such comfort in knowing I am not alone."

2023 Survey Feedback

"As a caretaker, I can breathe a little easier knowing my daughter is not alone any longer. The information we learned on Patient Day has been so helpful as many questions were answered that were causing us so much stress."

ENDOMETRIOSIS FOUNDATION OF AMERICA MEDICAL CONFERENCE 2026

FRIDAY, MARCH 6TH & SATURDAY, MARCH 7TH

ABOUT

EndoFound's Medical Conference is the premier annual gathering of **global leaders** advancing endometriosis research and care.

Attendees gain early access to **cutting-edge lab and clinical research**, emerging data, and forward-looking approaches to diagnosis and treatment - all united by a shared commitment to **improving outcomes** for those living with endometriosis.

This unique event brings together physicians, scientists, biotech and pharmaceutical leaders, and patient advocates for **high-level, interdisciplinary exchange** on the field's most critical developments.

VIRTUAL & IN-PERSON
NEW YORK, NY

2026 KEYNOTE SPEAKER

Sun-Wei Guo, PhD

*Professor at Shanghai OB/GYN Hospital,
Fudan University*

WHAT TO EXPECT

- **80+** global thought leaders and **40 expert-led** presentations
- **Two-day** networking with **premier** endometriosis researchers from around the world
- **CME credits** available for **in-person** attendees

KEY TOPICS

Sessions explore **breakthrough research** in prevention, detection, and treatment, including the links between endometriosis, inflammation, and cancer. Speakers highlight advances in diagnostics, therapeutic development, and the pursuit of a cure, alongside **evidence-based** pain management, holistic care models, and innovative approaches designed to **improve patient outcomes**.

ENDOMETRIOSIS FOUNDATION OF AMERICA MEDICAL CONFERENCE 2026

2026 ENDOFOUND HARRY REICH AWARD RECIPIENTS

Assia Stepanian, MD

***Academia of Women's Health
and Endoscopic Surgery (USA)***

Sun-Wei Guo, PhD

***Professor at Shanghai OB/GYN
Hospital, Fudan University***

Established by EndoFound founder Dr. Tamer Seckin, the annual **Harry Reich Award** honors exceptional endometriosis specialists and scientists who transform women's lives through clinical excellence, innovative research, and impactful advocacy. Named for **Dr. Harry Reich**—a renowned women's health champion and pioneer in minimally invasive surgery (MIS)—the award recognizes his groundbreaking contributions that advanced modern gynecologic surgery and elevated standards of care in women's health. As a longtime endometriosis expert and member of the EndoFound Scientific Advisory Council, Dr. Reich's legacy continues to inspire progress and innovation across the field.

ENDOMETRIOSIS FOUNDATION OF AMERICA PATIENT DAY & MEDICAL CONFERENCE WEEKEND SPONSORSHIP LEVELS
